# MESSAGE DISPLEASED

Council Did Not Like Veto of Campbell Bill.

CONCERNING OIL COMPANY

Sensational Speech Made by Author of Measure.

Guthrie, O. T., March 4.- Governor Ferguson's message vetoing council bill No. 49, by Senator Compbell, repealing the present oil inspection law, created a storm in the council this afternoon. The messags was displeasing to many members of both branches of the legislature and especially so to Senator Campbell. At his request the bill was considered in the committee of the whole. A monor was made that the committee recommend that the bill be passed over the veto. Senator Campbell in supporting this metion made a sensetional speech, denouncing the action of the governor in no uncertain terms, and demanded that the motion be exceully considered. On roll call the vote stood: For the motion, Blakeney, Campbell, Gore, Woolsey and Massinguier, against the motion, Foster, Champlin, Webster and Alexander Whikier and Hickam, who was in the chair, did not vote. The report of the committee that the bill pass over the governor's veto was adopted. bers of both branches of the legislature

committee that the bill pass over the governor's veto was adopted.

Senator Campbell was very vehement in his speech. Spectators and members from the lower house were attracted to the council chamber. Every member was on an intense strain. The room was very quiet, every person intently listening to exich each word uttered by the oktahoma county senator. It proved to be the sensurional speech so far this session. He stated among other things that he rausidered it wrong for the executive he considered it wrong for the executive to impute methods of dishonesty by em-ployes of the Waters-Pierce Oil company. ployes of the Waters-Pierce Oil company. I know the attorney for the Waters-Pierce Oil company. He is my personal friend. I have been in his room at the hotel, said the senator. "Never a word did he say concerning tegislation. I consider him an homorable gentleman and he is a member of the governor's family. I was interested in this bill. It was my first-born and you who are fathers know how I felt. I did not like to have its head chopped off. I did not like to have my first-born taken to the tomis. have my first-born taken to the temb.
wrapped in a robe in the shape of a veto
message from the governor that brands
has as a beedler and hybe taker.
I came here with the hope of benefiting the perfitory. I consider the oil
inspection has legalized robbery. The governor has had the hardhood to de-

that it was only a step to keep the gov ernor's friend in office. "We must either cerner's friend in office. "We must either pass that low over the governor's veto," said the senator. "Or let him have the kind of a law he wants. I do not believe that this council will be brought into fine by the executive white. The law is a farce. The only thing that inspected oil is found to be good for is to put out fire. We have picuty of water in Oklahoma, and what we want now is something to burn."

Brown saying that he found time while editing his daily paper in Ohlahoma City to inspect oil and "earn" under the pre-ent law the raiso, \$6.000 or \$10,000 per year us the case might se. It is doubtful whether the bill can be

Guthrie, O. T., Murch 1.-Schaffer Sam Massingale this afternoon started the sanitarium ball rolling again. He moved that the vote adopting the report of the investigating committee made yesterday be reconsidered. The senator stated that members of the committee who signed the report considered favorable to the institution had made statements on the side that conditions were not what they should be and that he desired to know the status of the matter. Semator Blake-ney immediately stated that the report had been made in good foith and that there was little use in threshing over old etraw. Senator Campbell wanted to go into the matter and mide a special along this line. Senator Champlain declared the report contained the true facts and he would vote against the reconsidera

on of the vote.

A roll call was demanded and the mo tien to reconsider was lest. Massingule, Woolsey, Campbell and Goro voted for it. As far as the council is conserred, the report will stand. The report was merely filled in the house and will be taken

ance In Hydro, Hydro, O. T., Murch t.-W. M. Well-man, postmaster and preaches of this city, was arrested in the public street here this morning by Chy Marshal Sparks on the charge of violating city ordinance No. 12 relating to brick chim-neys within the fire units of Hydro. He was the first failing to head for brick flues, and although the ordinance has been in effect since January 1, he is the only man in the fire Units who has not

## SANATARIUM COMMITTEE HAS REPORTED

Ex Governor Jenkins Vindicated by Investigation.

DID NOT HAVE INTEREST

Merrick Only Member Not Concurring in Report.

The report is as follows in part: The report is as follows in part:
First: That the institution is badly crowded, an effect which is largely produced by the practice of the county boards making this institution the recipient of patients who ought not properly to be classed as lunatics. There is a large percentage of decrepit, helpless and technique are the first particular and indigent persons in this institution, and if some measure was resorted to which would confine the benefits of this institution strictly to the insane class of patients it would greatly relieve this crowded con-

by stoves and lighted with common coal oil lamps, and that the water supply in the building is not sufficient for fire prothe building is not sufficient for fire pro-tection, and we would recommend that changes should be made in regard to the heating and lighting, and that a steam heating service and an electric lighting plant should be installed, and a change should be made in the contract which would bring about this result, and cause the water supply to be made ample for fire protection within the building. Third: From our investigation of the senitarium and its conditions and affairs

santarium and its conditions and attairs and the general conditions and health of the inmates we have arived at the conclusion that they are now being kept and cared for as well as is practicable under a contract system.

Fourth: With reference to the alleged interest of the Honorable William M. London or experience of the territory and Interest of the Honorasie william M. Jenkins, ex-governor of the territory and governor at the time said contract was awarded, in the stock or ownership of stock in the said company, after a careful investigation we find that he never participated in benefits of ownership of stock, but did have \$10,000 of stock piaced in secretary for the benefit of a friend. The in escrow for the benefit of a friend. The testimony hereto attached will disclose

his connection therewith.

Fifth: With reference to the charge that has been made with more or less publicity that thesecretary of the territory has been a stockholder in this institution, we have the honor to refer you to the testimony of Doctor McElrath, Fred C. Dolcater, J. W. McNeal and other witnesses, including Mr. Grimes himself.

Sixth: We find that Honorable Dennis T. Flyun, delegate to congress from this territory, was at one time the owner of is connection therewith.

territory, was at one time the owner of a considerable amount of this stock, which he bought at fifty cents on the dollar and soon afterwards sold at par.

Seventh: The stubs of the stock bok of the company show that the following parties are the owners of sanitarium stock to with the stock box of the company show that the following parties are the owners of sanitarium stock to with the stock box of the company show that the following parties are the owners of sanitarium stock to with the stock box of the company show that the following parties are the owners of sanitarium stock to with the stock box of the sto

Committee for the House, The sections that Merrick refused to concur in relate to the physical condition concur in relate to the physical condition of the sanitarium, ex-Governor Jenkins concetion with the institution, and the care and attention given the inmates. There was testimony before the commit-

tee indirectly connecting Secretary Grimes with the senitarium as a stock-holder. Other winesses give testimony that he did not own stock. The testimony of these wineses is attached to the eport and submitted to the legislature.

Schater Campbell saked many questions relative to the employment of Judge Strong as counsel for the committee and when an apropriation bil comes up to pay for Strong's services a fight will be made on the same.

Governor Ferguson today vetoed councovernor Ferguson today vetoed conn-cil bill No. 8. introduced by Senator Campbell, of Oklahoma county, repeal-ing the present oil impection law. The first veto message from the governor was received by the legislature this af-ternoon, and his reasons for the action are plainly stated. The veto message is

the sale of dangerous oils and fluids in the territory.

"The oil companies want the inspection have repealed. They have been working to weaken the law, or have it repealed ever since it was enacted. The representatives of one of the principal oil companies doing business in the territory have been in the capital city since the legislature has been in seasion, earnestly working to secure a sentiment in favor of a repeal of the law.

"It is urged that to repeal the law would open up, the way for competition and result in the introduction of better articles. This is a mistake. Competition would be just as impossible in the absence of the law as it has been with it in force. In at least one city in the territory so I have been informed, competition in the oil trade was attempted. The dominant oil company put the price of oil down to eight cents per gallon. The weaker competitor had to quit business, and on the very next day the price went up to the old standard.

"To tepsal the present law would not open the way to competition as is commonly believed. The only way to solve the problem of competition along all lines of trade in the territory would be the enactment and enforcement of a vigorous anti-trust law.

"Again, another serious objection to the repeal of the oil inspection law is the

Guthrie, O. T., March 2.—The joint legislative sanitarium committee submitted its report to both branches of the legislature. In the council the report, with testimony attached, presented by Senator Hickam was adopted.

In the bouse the same report with testimony presented by Representative Jester was merely placed on file. The report is not sensational and one of the paragraphs partially vindicates ex-Governor Jenkins in his alleged participation in the benefits of the stockholders.

The report is as follows in part; They That the institution is hadly It would seem that a strong law repealprovision for a better system of inspec-tion, compel the oil companies, and no the consumers, to pay in the inspection fee, fix a stated salary for the inspector, and all fees in excess of expenses abould be turned into the territorial treasury. "The repeal of the present law most esuredly does not anticipate the enact-ient of another and better one. "Believing that council bill No. 49, if

#### DIED NATURAL DEATH. Autopsy Held Proves H. H. Hagan

Did Not Take Overdose of Drug. Gutarie, O. T., March 4-An autopsy was held Manday afternoon over the body of Hornce H. Hagan, the well known Guthrie real estate agent, banker, after ney, politicism, cattleman and farmer, to ascertain the cause of his sudden death, which occurred at 12.33 that day. The autopray results are highly satisfactory and set at ease any fears that have arisen that he died from other than ratural causes. It was at first thought that Mr. Hagan had taken an overdose of morphine, which he had been taking to quiet pairs in the chest due to rher-matiem, left this proved untrue. Mortestines were removed and examined, but to signs of poisoning were found. It is believed that death resulted from neuralita of the heart. Mr. Hagan was dangerousle disk but a few hours being taken ill on Friday afternoon and contined to his home Sturday and Sunday. but during these days his condition was at he time considered serious. At mil-night Sunday he suffered a relupee, gradunity sinking into unconsciousness, and despite the aid of three physicians, who applied every artificial aid possible, in remained in this condition until 17:30

when he expired.
The death of H. H. Hagan removes a pioneer of this territory. Coming it Guthele from St. Marys, Kan. in 1938 at termoon, and his reasons for the action are plainty stated. The veto message is as follows:

To the Seventh Legislative Assembly, Territory of Oklahoma:

Genthemer-Council Bill No. O entitled An Act to Repeal Chapter & of the Session Laws of ISS and Chapter II of the Session Laws of ISS and Chapter II of the Session Laws of ISS having been carefully considered, is disapproved and respectfully returned to your homerable body with objections note!
